

Model No.: DJP-W160

Feature

- ◆ Fanless system, low consumption, 0.00dB noise
- ◆ Al alloy chassis, compact structure, light weight, flexible installation
- ◆ Supports WIFI, fit for Industrial field
- ◆ 1*DP and 2*HD display ports
- ◆ 2 Gigabit Ethernet ports, supports Wake On LAN, TDP only 6W

Specifications

General	
CPU	Intel® Celeron® Processor N3160 1.6 GHz, Burst to 2.24GHz Quad Core 4 Threads
Memory	1* SO-DIMM Sockets
Memory Type	DDR3L(Low Voltage 1.35V)-1333/1600 SDRAM, Max 8GB
Storage	1* Serial SATA 6Gb/s connectors 1* Mini-SATA 3Gb/s connectors
Operating System	Windows 7/Windows 8/Windows 10/Linux, Windows 7 English(OEM Cracked) default
Network	2* RTL8186/8111/8112 Gigabit NIC Half Height Mini PCI + 2 external antennas (Optional)
Audio	High Definition Audio Controller
Video	Intel® HD Graphics 400
I/O port	
front panel ports	1* Switch ON/OFF, 2*USB3.0, 4*USB2.0, 1*RS232 COM
Backside ports	1*Audio, 2*LAN port(RJ-45), 1*DP, 2*HD, 1* DC IN
Internal ports	1*2.5 inch SATA laptop HDD or SSD 1*mini-PCIE port(m-SATA SSD, 6Gbps) 1*mini-PCIE port(WIFI/3G)
Power and Working Environment	
Input	DC100-240V AC/50-60Hz
Output	DC 12V/3A
Operating Temperature	0/70 Centigrade
Storage Temperature	-20/+85 Centigrade
Relative Humidity	10%~85% (non-condensing)
Mechanical	
Construction	Aluminum housing
Dimensions	13.4*12.6*3.85CM
Weight	NW 0.65kg, GW 1.35kg
